RIAS/Circular no.71/2023-24

Date-28.09.23

Dear Parents,

Greetings from RIAS!

Teaching our kids about good/safe touch and bad/unsafe touch is vital for two reasons: It helps children to understand how to protect themselves from abuse and it encourages open communication between parents and their children. Studies have shown that children who are educated about these concepts are more likely to be able to recognize, resist and disclose abuse to a trusted adult if it occurs.

We are pleased to inform you that our counselor Ms. Mini Regin will be conducting a workshop based on HSCP (Health safety and Child Protection) for the students from Mont 1 to Mont 3. The schedule is as follows.

Seminar Dates			
Date	Seminar topic	Classes included	Total no. of Students
04-10-23	Good/safe touch & Bad/unsafe touch and Personal Safety	Mont 1 to Mont 3	110

Warm Regards,

Principal,

Ryan International Academy, Sarjapur.
