Science
Day**

**Saturday,
22
February
2025**

- **Grades I - II**

Innovate for a Better Future

Students will engage in fun and creative tasks to explore innovation. They will create projects or models using everyday materials. The focus will be on sustainability, creativity, and problem-solving.

- **Grades III - V**

Green Energy for Sustainable World

aims to inspire young minds to think about eco-friendly solutions and understand the role of green energy in protecting our planet. We encourage students to use safe and recyclable materials for their projects.

NA

NA

- **Grades VI -VIII**

Revolutionizing Healthcare and Agriculture
Students will create models, presentations, or experiments showcasing innovative solutions in healthcare or agriculture.

Science-Magic Show

Students will demonstrate experiments based on scientific principles such as chemical reactions, air pressure, static electricity, light, and gravity, all while making them look like magic tricks! These experiments will not only entertain but also help students and the audience understand the science behind each "magic" trick.

Best Regards,

Sonika Kochhar Girotra
Principal
