Dear Parents

Greetings from Ryan International Academy, Bavdhan!

With the Summer Break progressing and children enjoying their happy time with their Families, near and far, we urge you to take good care of yourself and your loved ones. Drink plenty of fluids and stay hydrated. Take shower daily to keep clean, at the same time not waste water.

To ensure that the children have a constructive holiday, some Holiday Homework and Projects are given (shared on NeverSkip) which will keep the child active and observant. These projects can easily be done by the children and you could assist *only* where required. This will indeed provide an enjoyable learning experience. Apart from completing that, we insist that our children do a little more to save the greenery, stray animals and birds in the vicinity by giving them water and food as deemed fit. Children may click pictures while they are serving the nature and share it with us when they come to school.

We, at School, are missing the hustle – bustle in the premises and are eager to welcome our children back to school. The School Reopening dates are as follows:

Grade/s	Date	Day
Grade IX	June 1, 2023	Thursday
Grades I – VIII	June 5, 2023	Monday
Mont I, II & III	June 6, 2023	Tuesday

For any queries, school office can be contacted from Monday to Saturday between 9am to 4pm on +91 7262039399, +91 7262069699. Alternatively, you may write to us at feedback.bavdhan@ryaninternationalacademy.org

Wish you and your family a happy time together during the vacation.

Regards

Ruchi Masih
Principal
