Empowering Every Child to Discover Their Path to Success

Subject: Selection of Test for Mindler Programme – Stream Selection or Career Guidance Test

Dear Parents,

As part of our continuous effort to guide our students towards informed and confident career decisions, **Ryan International Academy** has collaborated with **Mindler**, a leading career guidance platform. A Circular towards this was shared with the parents on 6th October, 2025. This initiative is **exclusively offered to our Grade VIII - X students** as a one-time opportunity to help them make well-informed choices for their future.

Parents of Grade X are requested to select **one** of the following options for their child:

1. **Stream Selection Test** – to identify the most suitable academic stream based on the child's aptitude and interest.
2. **Career Guidance Test** – a detailed analysis to explore potential career paths aligned with the student's strengths.

Google Link: <https://forms.gle/n8D12C5YL8rxBzk4A>

Important Pointers:

- This is a **one-time choice** available **only for Grade X students**.
- Once the option is selected, **no further changes will be permitted**.
- Parents must fill in their choice through the **Google Form** link shared by the school.
- **Deadline: 15th October 2025.**
- Students whose parents do not submit their response by the deadline will be **automatically enrolled for the Stream Selection Test**.
- This *Online Test* will be conducted **during the school hours**, once the school reopens after the Diwali Break. Date of the test will be informed in due time.

We urge all parents to take advantage of this valuable opportunity to support their child's future academic and career journey.

Warm regards,

Ruchi Masih
