

Circular No: RIAH/050/AY 2024-25

Date: 3 February 2025

Dear Parents,

Pune... Pune... Perfect Pune! (Reduce Pollution Initiative)

Dear Students,

We are excited to launch this month's community service project focusing on *Noise Pollution Awareness*. Your task is to measure noise levels in your surroundings using apps such as **Sound Meter**, **Noise Capture**, or similar noise-monitoring tools. This will help you understand the impact of noise pollution on our environment and daily lives.

Instructions:

1. Choose different locations around your home or school (e.g., streets, parks, and markets).
2. Use a noise measurement app to record the noise levels (in decibels).
3. Note the readings and time of day for each location.
4. Capture pictures of your observations or measurement process.
5. Upload your data and pictures to the provided link:
<https://forms.gle/kERu7crbzbC3mpoc7>

This activity aims to increase awareness about the harmful effects of noise pollution and inspire you to find ways to minimize it.

We look forward to your enthusiastic participation in creating a *Perfect Pune!*

Warm regards,
