

RYAN INTERNATIONAL ACADEMY, Hinjewadi

Circular No: RIAH/038/AY 2024-25

Date: 3 October 2024

Dear Parents,

We are pleased to announce the launch of an exciting new initiative at our school, the Book Bridge Project. This project aims to instill in our Ryanites the values of empathy and philanthropy, as championed by our esteemed Chairman, Dr. A. F. Pinto. It provides a platform for students to procure valuable reading resources for underprivileged children and support their literacy development.

We invite students from all grades, from Montessori to Grade 8, to participate by donating two books from their home libraries. **These can be fiction, non-fiction, educational books, encyclopedias, or age-appropriate storybooks.** Please ensure that the books are in good condition and suitable for children of different age groups.

The books collected will be donated to government libraries and orphanages, helping to provide children in need with the opportunity to learn and grow through reading.

Please send the books to school and hand them over to Ms. Kaveri by **19th October**. Your generous participation will make a meaningful difference in the lives of many children.

Thank you for your support!

Warm regards,
