

Circular No: RIAH/043/AY 2024-25

Date: 3 December 2024

Dear Parents,

As part of our ongoing efforts to promote environmental sustainability, we are excited to announce this month's donation drive focusing on tree planting. In line with our commitment to nurturing a greener future, we are requesting donations of neem saplings from our school community. Your contribution will not only help in beautifying our surroundings but will also serve as an essential step in creating a healthier and more sustainable environment for generations to come.

“The best time to plant a tree was 20 years ago. The second best time is now.”

Details of the Donation Drive:

What to Donate: Neem saplings (in pots or suitable containers)

Where to Deposit: The saplings can be deposited at the school's main entrance every Saturday.

Last Date for Donation: Saturday, 21 st December 2024

This initiative is a part of our ongoing community service activities, and we are hopeful that all parents will join hands in this noble cause. By donating neem saplings, we contribute to our environment, offering shade, reducing pollution, and enhancing biodiversity.

“Together, we can make a difference. Every sapling counts in creating a greener tomorrow.”

We encourage you to take part in this campaign and share the importance of tree planting with your children. Let's unite as a community to sow the seeds of a brighter, greener future. We appreciate your support and generosity in helping us create a more sustainable and eco-friendly world.

Warm regards,
