"Be the change you wish to see in the world." – Mahatma Gandhi

Dear Students,

Plastic pollution is one of the most pressing environmental issues today, and as responsible citizens of tomorrow, you have the power to bring about meaningful change. By replacing single-use plastics with sustainable alternatives, we can protect our planet and ensure a healthier future for all.

Join us in making a difference through our community service initiative, "**Drastic Plastic, Not Fantastic.**" Create eco-friendly paper bags using recycled paper or old newspapers and distribute them to neighbourhood grocery shops to promote a no-plastic community. Document your efforts by taking pictures of your work—whether it's making the bags, distributing them, or seeing them in use—and upload these images using the link provided:

Together, let's reduce plastic usage and set an example for a sustainable future. Your efforts will not only protect the environment but also inspire positive change in your community!

Warm Regards
