## From the Principal's Desk

**SCHOOL**  
Connect **Oct & Nov 2025**  
Grades I to X

Adaptability has become one of the most essential competencies for success in today's fast-changing world. As our high school students prepare to step into increasingly dynamic academic, professional, and social environments, the ability to adjust, rethink, and respond with resilience is more important than ever.

At our school, we strive to cultivate adaptable mindsets—encouraging students to embrace challenges, stay open to new perspectives, and find innovative solutions. Adaptability is not merely about coping with change; it is about growing through it.

I urge our students to view every transition—be it a new subject, technology, or responsibility—as an opportunity to discover their strengths. With the support of teachers and parents, I am confident that they will emerge future-ready, confident, and capable of leading with purpose.

Together, let us continue to build a learning environment where adaptability empowers every learner to thrive..

## **Quote of the Month**

---

**“Intelligence is the ability  
to adapt to change.” ”**

***- Stephen Hawking***

Hawking's quote reminds us that true intelligence isn't just knowledge—it's flexibility. The ability to adjust, learn, and respond to new situations shows how well we can handle life's challenges. In a constantly changing world, adaptability is the key to growth and success.

# Teacher's Speak

# AI और शिक्षा: बदलती कक्षाओं की नई पहचान

कृत्रिम बुद्धिमत्ता (AI) शिक्षा में कक्षा । से X तक के विद्यार्थियों के लिए सीखने को सरल और रोचक बना रही है। छोटे बच्चे AI आधारित खेलों से अक्षर, संख्या और रंग सीखते हैं, जबकि मध्य कक्षाओं के विद्यार्थी किज़, अभ्यास और कहानी लेखन में इसका उपयोग करते हैं। उच्च कक्षाओं में AI कठिन विषयों, प्रोजेक्ट कार्य और पुनरावर्तन में मदद करता है। AI व्यक्तिगत सीखने का अनुभव देता है, तुरंत प्रतिक्रिया प्रदान करता है, सृजनात्मकता बढ़ाता है और सीखने की गति को तेज करता है। इसका जिम्मेदारी से उपयोग विद्यार्थियों को तकनीकी भविष्य के लिए तैयार करता है।

## Activities

### World Public Transport Day Competition

Students from Grades I to X celebrated World Public Transport Day with creativity—vehicle crafts, responsible passenger posters, data-rich infographics, and futuristic transport pitches. The day inspired awareness and innovation.

### Children's Day Competitions

Children's Day buzzed with vibrant activities—character parades, poetry, speeches, and a debate on technology. Each class showcased talent and joy, making the celebration memorable.

### Constitution Day

26th November 2025 was when we marked the Constitution Day, which saw enthusiastic participation through speaking, writing, art, and quizzes. Students explored constitutional values and history, celebrating India's guiding principles with pride.

### National Milk Day

On 26th November 2025, Ryan International Academy celebrated National Milk Day with enthusiasm across all sections. Students celebrated National Milk Day with creative activities on the importance of milk. The youngest learners enjoyed sketching cheerful cows, promoting healthy habits with fun.

### Thanks Giving Day

On 27th November 2025, we encouraged the students to express their gratitude through art and writing to mark the Thanksgiving Day. A collaborative “Gratitude Tree” and senior students’ posters on the ripple effect of thankfulness inspired reflection and kindness resulting in a meaningful collaborative artwork.

## Activities

Students of Grade IX & X showcased their creativity through posters and infographics on “The Ripple Effect of Gratitude in Society,” expressing how small acts of thankfulness can positively impact communities. The day inspired a spirit of appreciation, kindness, and reflection among the learners.

## The Art of Eloquence - English Learning Enrichment Programme

The ELEP programme strengthened communication skills through cursive practice, vocabulary tasks, and group discussions, helping students become confident, articulate communicators.

## Cultivating Skills, Nurturing Souls - Through Passion Building Initiatives

Passion-Building activities—from nature scavenger hunts and Madhubani art to home science skills and engaging Math tasks—sparked curiosity, creativity, and confidence across diverse fields.

## Skills for a Global Future through Vocational Initiatives

The Vocational Initiative for Grades I to VIII builds key 21st-century skills. French fosters global awareness, Coding strengthens logical thinking, and the Helen O’Grady Drama programme enhances confidence. Together, these subjects enrich learning and prepare students for a well-rounded future.

## Champions of the Court and Field – Optional Sports

Guided by experienced coaches, our young

## Activities

athletes excel in a range of Optional Sports—from swimming and skating to football, cricket, and basketball—showcasing resilience, teamwork, and a true passion for the game.

### Assemblies @ A Glance

#### The Value - “Adaptability”

A Special Assembly on the value **“Adaptability”** was presented by our Grade III learners through an engaging script and thoughtful speeches, highlighting the importance of flexibility, resilience, and a positive approach to change.

## Class Activities

### Innovation Lab Activity: Engineering Tomorrow's Minds

The Innovation Lab Activity turned young learners into inventors! Students from Grades I to VIII explored hands-on projects, from building hydraulic pressure stamps and electric circuits to creating PIR intruder alarms. The sessions nurtured practical learning and the skills of future problem-solvers.

## Class Activities

### Financial Literacy - Smart Money, Bright Future

Financial Literacy sessions empowered Grade VII & VIII with practical money skills—saving, budgeting, and smart spending. Through hands-on entrepreneurial activities, students identified strengths, solved real-world problems, and designed unique business ideas. The final showcase impressed parents, who celebrated the learners' confidence, creativity, and emerging financial wisdom.

### Experiential Learning - Science Experiments

Through hands-on Yardstick activities, students experienced learning in an engaging and meaningful way. Grades I to VIII explored EVS and Science concepts through practical tasks that made complex ideas easier to understand. This interactive approach nurtured curiosity, strengthened problem-solving skills, and helped students connect their learning to real-life situations.

## Events - Galaxy

### Chairman Sir Dr. A. F. Pinto Sir's visit

We proudly welcomed Chairman Sir on 25th November 2025. A vibrant lineup of performances—from Montessori, flute, instrumental, and brass bands—set an energetic tone. Students showcased journalism boards and internship ideas, sparking engaging discussions. Chairman Sir interacted with the School Council, motivated learners, and appreciated teachers' efforts during a detailed school tour.

A truly inspiring visit that encouraged everyone to continue striving for excellence!

## Events - Galaxy

### Visit to Old Age Home - Matoshree

Our students along with the Student Council members visited Matoshri Old Age Home, spending quality time with the residents and sharing moments of warmth, respect, and compassion.

The visit helped our students understand the value of empathy and the joy of giving back to the community. They engaged in conversations, shared smiles, and created memories that will stay with them forever.

At Ryan International Academy Bawdhan Pune Bawdhan, we strive to nurture socially responsible and kind-hearted individuals.

### Internship Session on Business and Corporate Compliance

Grade IX & X gained valuable real-world exposure through an exclusive internship at Startupwala Pvt. Ltd., Bawdhan. The programme introduced them to workplace culture, professional ethics, and startup operations while strengthening teamwork, confidence, and problem-solving skills. We extend heartfelt thanks to Startupwala for guiding our young learners toward future readiness.

### Career Orientation and Guidance Sessions

Ryan International Academy, Bawdhan, conducted an insightful Mindler career-orientation session for Grades VIII to X, led by Ms. Sunitha Prabhakaran and Ms. Tamanna. Students learned to build strong personal profiles, explored aptitude assessments, and gained clarity on national entrance exams and career pathways. The session was highly informative, empowering learners to make future-ready decisions.

## SCHOOL ACHIEVEMENTS

Ryan International Academy, Bvdhan has been honored with the Education World Grand Jury India School Rankings 2025-26 award for Learning Assessment & Outcomes Excellence.

- Ranked #3 in India
- Ranked #1 in Maharashtra
- Ranked #1 in Pune

This recognition reflects our commitment to delivering high-quality learning experiences, continuous assessment, and strong academic outcomes for every student.

A big thank you to our dedicated teachers, supportive parents, and hardworking students for making this achievement possible. Together, we continue to inspire excellence!

Sr. no	Title	Achievements

Grade V

Master Anay Gadre  
Grade IX 'B'

1. Master Advik Kumar - 1st Position
2. Miss Anahira Bhingardive - 2nd Position

## PARENT'S CORNER

### The Magic of Small Efforts

Success often looks grand from a distance—trophies, medals, top grades. But behind every achievement lies something far simpler: small, consistent efforts. Just ten focused minutes of reading a day can strengthen vocabulary. A few extra attempts at a math problem can sharpen logical thinking. Even small acts of kindness can brighten someone's entire week. As teachers, we see that students who make steady effort—not necessarily the fastest or the most talented—grow the most. Little steps add up. A seed becomes a tree not overnight, but through quiet, daily perseverance.

This month, let us celebrate the power of small efforts. Take one tiny step each day toward a goal—read a page, revise a paragraph, practice a skill. Over time, these small actions create big transformations.

- Ms. Rauziana Patel,  
Parent of Saad Patel – Grade IX 'B'
