INTERNATIONAL ACADEMY

SCHOOL Connect
June & July 2026
Pre-primary

From the Principal's Desk

July was a vibrant month filled with meaningful celebrations, joyful learning, and memorable experiences for our little learners. We began the month by observing National Doctors' Day on 1st July, helping children understand the importance of doctors and expressing gratitude for their dedicated service to society.

On 8th July, we celebrated the birthday of our beloved CEO, Mr. Ryan Pinto, with great enthusiasm. The occasion inspired our students to value leadership, kindness, and the vision that continues to guide the Ryan family.

We were delighted to celebrate National Parents' Day on 26th July, recognizing the unconditional love, care, and support that parents provide every day. The celebration strengthened the bond between home and school and reminded our children of the importance of expressing gratitude to their parents.

The month concluded on a cheerful note with our colourful Yellow Day Celebration on 29th July. Dressed in bright yellow attire, the children participated in exciting activities, songs, and games, making learning joyful while exploring the significance of the colour yellow.

These celebrations, along with our regular classroom learning, provided enriching opportunities for our young learners to grow academically, socially, and emotionally. We sincerely thank our parents for their continued encouragement and partnership in making every school day a meaningful experience for our children.

Quote of the month

"Optimism is the faith that leads to achievement. Nothing can be done without hope and confidence."

– Helen Keller

★ ★ ★ ★ ★

Value - "Determination"

Determination is the strength to keep trying, never give up, and do our best even when things are difficult. Throughout this month, our students learned that with perseverance, confidence, and a positive attitude, they can overcome challenges and achieve their goals. By practising determination in their daily learning and activities, they are growing into resilient and responsible individuals.

This inspiring quote reminds us that hope and confidence are powerful forces that help us overcome challenges and move towards success. A positive outlook builds resilience, strengthens motivation, and encourages us to believe in the possibilities ahead.

ACADEMIC ACTIVITIES

First Day of School

The first day of school began on a joyful note with a vibrant assembly featuring delightful rhymes, an engaging storytelling session, and an energetic dance performance by teachers and students. The classrooms were beautifully decorated with colourful balloons, creating a warm and welcoming atmosphere.

Fun-filled games and activities encouraged interaction, teamwork, and new friendships while helping children overcome their first-day jitters. A guided tour of the school familiarized students with their new surroundings and helped them feel comfortable and confident. It was a memorable beginning to the academic year, filled with laughter, smiles, and cheerful moments.

Investiture Ceremony

The much-anticipated Investiture Ceremony was a proud celebration of leadership, responsibility, and teamwork. The event marked the formal induction of student leaders representing the four houses: Newton (Red), Einstein (Yellow), C.V. Raman (Blue), and Aryabhata (Green).

The ceremony also witnessed the announcement of the Head Boy and Head Girl, who will lead the student community with confidence, integrity, and responsibility.

The event inspired students to embrace leadership, teamwork, and the values of discipline and service.

English - Strokes and Introduction to Letters A & B - Mont I

This month, our little learners took their first steps into the world of letters through fun and creative activities.

Children used colourful blocks to form standing and sleeping lines, while sand-tray activities helped them practise slanting lines

ACADEMIC ACTIVITIES

and curves while developing fine motor skills.

The letter A was introduced through a fun Magic Letter a Dabbing Activity, where children created colourful artwork and revealed the letter in a magical way.

The letter B was explored through a Mystery Box Game, where children sorted pictures beginning with A and B, strengthening their letter recognition and listening skills.

These joyful activities made early literacy engaging and interactive, laying a strong foundation for writing.

Math Skills - Strokes, Shapes and Curves - Mont I

Our young mathematicians explored basic strokes, shapes, and numbers through exciting hands-on activities.

Children practiced standing lines, sleeping lines, curves, and circles to strengthen their hand control and pre-writing skills. Through a fun Shape Dice Activity, they identified and named different shapes.

The children were also introduced to numbers 1 & 2 using real objects and colourful beads. Counting, sorting, and number recognition activities helped them connect numbers with quantities.

Through playful learning experiences, children developed early mathematical skills while enjoying every step of their learning journey.

EVS - Shapes and Colours Mont I

Our curious learners explored the colourful world of shapes and colours through flashcards, classroom games, and creative colouring activities.

They identified shapes and colours in nature and their everyday surroundings, strengthening their observation skills and vocabulary. The hands-on activities made learning meaningful, creative, and enjoyable.

ACADEMIC ACTIVITIES

English - Strokes and Letters Aa, Bb, Cc, Dd and Ee Mont II

June was filled with exciting literacy experiences as our young learners explored letters and sounds through interactive activities.

Colourful flashcards and playful songs supported letter recognition and phonics, while storytelling and picture reading helped develop vocabulary, comprehension, and expression. Nursery rhymes made language learning enjoyable and engaging.

Through activities such as flashcards, Bingo, scavenger hunts, and memory games, children strengthened their letter recognition skills. Singing, role play, and sentence-building activities further enhanced their confidence and communication skills.

These joyful experiences have laid a strong foundation for their journey towards becoming confident early readers.

Mathematics - Shapes and Numbers - Mont II

Our young mathematicians explored matching, sorting, and comparisons such as big and small and long and short.

They were introduced to Number 0 and practiced counting and writing numbers from 1 to 10 through engaging activities. Count-and-match and count-and-write exercises strengthened their number concepts.

A fun Number Sequence Maze helped develop sequencing and problem-solving skills. Children also explored circles, squares, triangles, and rectangles, making mathematics both meaningful and enjoyable.

EVS - Exploring Shapes and Colours - Mont II

This month, our young learners explored the colorful world of shapes and colours through engaging activities.

Children identified colours such as red, blue, yellow, and green through pictures and classroom activities. They also explored shapes including circles, squares, triangles, and rectangles and discovered how these shapes appear in their everyday surroundings.

Fun puzzles, matching games, and coloring activities encouraged creativity while strengthening observation, vocabulary, and cognitive skills.

ACADEMIC ACTIVITIES

English - Capital and Cursive Letters and CVC Family Words - Mont III

Our Mont III learners explored English through a range of engaging activities. They practiced recognizing and tracing capital letters from A to Z and were introduced to small cursive letters to develop fine motor skills and correct letter formation.

The children also learned simple sight words such as a, I, is, of, on, to, and at through flashcards and interactive games.

As part of phonics readiness, they explored vowels a, e, i, o, u and other sounds such as s, t, p, and n. They also practiced simple A-family words such as at, ap, ab, and an through CVC card activities and reading games.

These activities strengthened their phonics, blending, and early reading skills while building confidence and enthusiasm for learning.

Maths - Shapes and Numbers 1–20 - Mont III

Our children explored Mathematics with curiosity and enthusiasm. They identified 2D shapes such as circles, squares, triangles, and rectangles, as well as 3D shapes including cubes, cuboids, spheres, and cones.

Through hands-on activities, children practiced sorting objects by colour, size, and shape and created simple patterns to develop logical thinking. They also explored comparisons such as longest and shortest and biggest and smallest.

ACADEMIC ACTIVITIES

The children practiced ascending and descending number sequences, grouping objects to understand quantity, and identifying missing numbers from 1 to 20 through interactive games and worksheets.

EVS - Shapes, Colours and Myself - Mont III

Our Mont III learners explored Environmental Studies through engaging activities on shapes, colours, patterns, and themselves.

They identified and named 2D shapes such as hearts, triangles, ovals, circles, squares, and rectangles. They also explored colours found in nature, toys, and classroom materials, strengthening their visual discrimination skills.

Through blocks, beads, and drawing activities, children created simple patterns and developed an understanding of sequencing and logical thinking.

Dance - Debbie Doo - Mont I

Children enthusiastically learned the lively "Debbie Doo" dance through simple, age-appropriate movements. The activity enhanced coordination, balance, rhythm, gross motor skills, and the ability to follow instructions while encouraging joyful participation.

Crazy Frog - Mont II

Our little stars had a wonderful time dancing to the energetic "Crazy Frog." The activity strengthened coordination, balance, rhythm, and gross motor skills while encouraging creativity, confidence, and self-expression.

ACADEMIC ACTIVITIES

You, You Are God - Mont III

Children enthusiastically practiced the worship dance "You, You Are God" through simple, age-appropriate movements. The sessions promoted rhythm, balance, coordination, confidence, and active participation.

Music - Great Day to Praise and Merry At - Mont I

Children joyfully sang "Great Day to Praise" and "Merry at" with actions and enthusiasm. Group singing helped develop rhythm, listening skills, confidence, and joyful participation.

A Gift to You - Mont II

Music is a beautiful gift that nurtures creativity, confidence, and self-expression. Through singing, rhythmic clapping, and exploring simple instruments, our Montessori learners experienced the joy of melodies, rhythms, and sounds.

These activities supported auditory development, coordination, concentration, and emotional well-being while fostering a sense of togetherness.

We are delighted to see our children sing, dance, and express themselves with growing confidence and joy.

Great Day to Praise and Merry At - Mont III

Children joyfully sang "Great Day to Praise" and "Merry at" with actions and enthusiasm. Group singing enhanced rhythm, listening skills, confidence, and joyful participation.

ACADEMIC ACTIVITIES

Innovation Academy

Popsicle Doll House and Photo Frame (Montessori III 'A').

Students designed and built a doll house and photo frame using Popsicle sticks and craft materials. The activity encouraged creativity, fine motor skills, and spatial awareness.

Children explored basic construction techniques through hands-on learning.

They developed patience, planning, and problem-solving skills while assembling the models.

The project reflected Montessori principles of experiential and self-directed learning.

EVENTS

World Environment Day Celebration

World Environment Day was celebrated with great enthusiasm to raise awareness about the importance of protecting our planet. Students participated in eco-friendly activities such as planting saplings, creating posters, and taking part in a "Go Green" March around the school campus.

Thought-provoking messages and slogans highlighted the importance of environmental conservation. The celebration reminded us all to care for nature and adopt sustainable practices in our daily lives.

EVENTS

Father's Day – Tie-making Competition

To celebrate Father's Day, our students participated in a delightful Tie-Making Competition. The event was filled with creativity, colour, and heartfelt enthusiasm as children designed unique ties for their beloved fathers.

Each creation reflected the special bond between a father and child, making the activity meaningful and memorable. The beautifully crafted ties brought smiles and warmth, celebrating the love and appreciation children hold for their fathers.

Red Day Celebration

Our Red Day celebration was filled with energy, excitement, and vibrant colours! Students and teachers embraced the theme by wearing bright red outfits and participating in fun-filled activities and creative crafts.

The cheerful decorations and lively atmosphere made the day memorable as children explored the colour red while spreading joy, love, and smiles throughout the school.

ACADEMIC ACTIVITIES

English - Strokes and Introduction to Letters C, D, E, F - Mont I

During the month of July, our Mont I learners were introduced to the letters C, D, E, and F through fun-filled and interactive classroom activities. Children explored each letter using phonics, picture cards, storytelling, songs, and real-life objects to strengthen letter recognition and vocabulary. They also practiced tracing and writing the letters, helping them develop correct letter formation and fine motor skills. These engaging activities made learning enjoyable while building a strong foundation in early literacy.

Math Skills - Introduction to Number 1, 2, 3, 4, 5 - Mont I

During the month of July, our Mont I learners were introduced to the numbers 1, 2, 3, 4, and 5 through a variety of fun-filled and interactive learning experiences. Children explored each number using hands-on activities, counting games, rhymes, number cards, and concrete materials to develop an understanding of number recognition and quantity. They practiced counting objects, matching numbers with their corresponding quantities, and identifying numbers in their surroundings. Regular tracing and writing activities helped improve correct number formation, pencil control, and fine motor skills. These engaging experiences laid a strong foundation for early mathematical thinking while making learning enjoyable and meaningful.

ACADEMIC ACTIVITIES

EVS - Introduction to Parts of the Body, My Family Mont I

During the month of July, our Mont I learners were introduced to the topics "Parts of the Body" and "My Family" through interactive discussions, stories, songs, picture cards, and fun classroom activities. Children learned to identify and name different body parts and understand their basic functions. They also explored the concept of family by learning about different family members and the importance of love, care, sharing, and respect within a family. Engaging activities and conversations helped the children develop self-awareness, communication skills, and an appreciation for the people who care for them.

English - Introduction to Letters Ff, Gg, Hh, Ii, Jj, Kk, Ll - Mont II

During the month of July, our Mont II learners were introduced to the capital and small letters Ff, Gg, Hh, Ii, Jj, Kk, and Ll through engaging and interactive classroom activities. Children learned to identify, recognize, and match the uppercase and lowercase letters using phonics, picture cards, storytelling, songs, and hands-on activities. They also practiced correct letter formation through tracing and writing exercises, while learning new vocabulary associated with each letter. These enjoyable learning experiences helped strengthen their early literacy skills, phonemic awareness, vocabulary, and confidence in reading and writing.

ACADEMIC ACTIVITIES

Mathematics - Introduction to Thick and Thin, Tall and Short and Numbers 11-15 Mont II

During the month of July, our Mont II learners were introduced to the concepts of Thick and Thin and Tall and Short through hands-on activities, games, picture cards, and real-life examples. These engaging experiences helped children observe, compare, and identify differences between objects in their surroundings. They were also introduced to numbers 11 to 15, where they learned number recognition, counting, and quantity association using number cards, manipulatives, and interactive activities. Regular tracing and writing practice strengthened correct number formation, pencil control, and fine motor skills, making mathematics both enjoyable and meaningful.

EVS - Introduction to About Me, My Family, My School, My Body - Mont II

During the month of July, our Mont II learners were introduced to the themes "All About Me," "My Body," "My Family," and "My School" through interactive discussions, storytelling, songs, picture cards, role play, and engaging classroom activities. Children learned to identify themselves, recognize different body parts and their functions, understand the importance of family members, and become familiar with their school environment and classroom routines. These meaningful learning experiences encouraged self-awareness, confidence, communication skills, and a sense of belonging while helping children appreciate the people and places that are an important part of their daily lives.

ACADEMIC ACTIVITIES

English - Family Words, Sight Words and Beginning Sound - Mont III

During the month of July, our Mont III learners enthusiastically explored a variety of word families, sight words, and beginning sounds through engaging phonics-based activities. Children were introduced to the -am, -an, -ap, -ag, -ar, -ay, -aw, and -at word families, helping them recognize common spelling patterns and blend sounds to read simple words with confidence. They also strengthened their vocabulary by learning frequently used sight words and practiced identifying beginning sounds through stories, picture cards, games, songs, and interactive classroom activities. Regular reading and writing exercises enhanced their phonemic awareness, pronunciation, spelling skills, and early reading fluency, laying a strong foundation for confident communication and literacy.

Maths – Before, After and Between Numbers - Mont III

During the month of July, our Mont III learners strengthened their number concepts through a variety of engaging and hands-on mathematical activities. Children learned the concepts of before, after, and between numbers, and developed their understanding of greater than, less than, and equal to through interactive games and classroom exercises. They also practiced arranging numbers from least to greatest and greatest to least, completed missing number sequences, and improved their number sense through regular counting activities. Daily practice of number dictation from 1 to 20 enhanced their number recognition, sequencing, writing accuracy, and confidence. These meaningful learning experiences helped build a strong foundation in logical thinking and early mathematical skills.

ACADEMIC ACTIVITIES

EVS - All About Me, Sense Organs & My Day - Mont III

During the month of July, our Mont III learners explored the themes "All About Me," "My Favorite Things," "Sense Organs," "Feelings," "My Day," "My School," "My Extended Family," and "My Neighborhood" through engaging conversations, picture cards, storytelling, role play, and interactive discussions. These activities encouraged children to express themselves confidently, develop self-awareness, understand their surroundings, and strengthen their communication and social skills in a fun and meaningful way.

Dance - Debbie Doo - Mont I

Children enthusiastically learned the lively “Debbie Doo” dance through simple, age-appropriate movements. The activity enhanced coordination, balance, rhythm, gross motor skills, and the ability to follow instructions while encouraging joyful participation.

Freeze Song - Mont II

Our little stars had a wonderful time dancing to the energetic "Freeze" song. This fun-filled activity helped enhance their coordination, balance, rhythm, and gross motor skills while encouraging them to listen carefully, follow instructions, and express themselves through movement. The children danced with great enthusiasm, confidence, and joy, making the session both enjoyable and memorable.

You, You Are God - Mont III

Children enthusiastically practised the worship dance “You, You Are God” with simple age-appropriate movements. The sessions encouraged coordination, rhythm, balance, confidence and active participation while improving gross motor skills.

MONTHLY ACTIVITIES

Music - Gods Love is so Wonderful - Mont I

During the month of July, our Mont I learners joyfully learned the song "God's Love Is So Wonderful." Through singing with actions and rhythm, the children enjoyed expressing themselves while developing confidence, listening skills, coordination, and an appreciation for God's wonderful love.

I Might Be Small - Mont II

This month, our young learners joyfully sang the song "I Might Be Small, but My God Is So Big" with music and actions. Through this engaging activity, they developed rhythm, confidence, and self-expression while learning to sing with enthusiasm. The sessions also encouraged active participation, improved listening skills, and fostered a love for music in a fun, joyful, and interactive environment
We are delighted to see our children sing, dance, and express themselves with growing confidence and joy.

Great Day to Praise and Merry At - Mont III

Children joyfully sang “Great Day to Praise” and “Merry at” with actions and enthusiasm. Group singing helped improve rhythm, listening skills, confidence and joyful participation while encouraging children to express happiness through music.

EVENTS

National Doctors Day

On 1st July, our students celebrated National Doctors' Day with great enthusiasm. The children came dressed in doctor's attire, making the celebration both exciting and meaningful. Through interactive discussions and engaging activities, they learned about the important role doctors play in keeping us healthy and safe. The celebration helped instil gratitude and respect for the dedication, care, and service of healthcare professionals.

EVENTS

Birthday of Our CEO Ryan Pinto

On 8th July, the entire Mont section joyfully celebrated the birthday of our beloved CEO, Mr. Ryan Pinto. As a special tribute to commemorate 50 glorious years of Ryan International Schools, the children created a beautiful Number 50 using colourful thumbprints. Through this creative activity, the students expressed their love, gratitude, and warm birthday wishes, making the celebration a memorable and meaningful one.

National Parents Day

As part of the National Parents' Day celebration, the entire Mont section honoured the unconditional love and care of parents through a special creative activity. The children made beautiful bookmarks for their mothers and fathers, decorating them with colourful thumbprint flowers as a heartfelt tribute. These handmade bookmarks were presented to their parents as a token of love, gratitude, and appreciation, making the celebration truly memorable.

Yellow Day Celebration

On 29th July, the Mont section celebrated Yellow Day with great excitement and enthusiasm. Dressed in bright yellow attire, the children brought yellow-coloured objects and confidently spoke a few lines about them, enhancing their communication skills and colour recognition.

Each class participated in a fun-filled art activity. Mont I children enjoyed paper tearing and pasting to create a bright yellow sun, Mont II learners created beautiful sunflower dabbing artwork, and Mont III children had fun dabbing a chick picture. The celebration was filled with joy, creativity, and interactive learning, making it a colourful and memorable experience for all.

ACADEMIC ACTIVITIES

Star of the Week

Ezra Immanuel - Mont II 'A'
We are delighted to celebrate Ezra Immanuel as our Star of the Week!

Ezra is a cheerful, enthusiastic, and wonderful learner who brings positivity and joy to the classroom. He participates actively in classroom activities, listens attentively, and shows great curiosity while learning new things.

His friendly nature, confidence, and willingness to learn make him a special member of our class. We are proud of his efforts and the wonderful progress he continues to make. Keep shining, Ezra! We are so proud of you!

TEACHER'S CORNER

Welcome to this month's edition of our newsletter! This month, our young learners explored exciting concepts such as number names, colours, shapes, and Day and Night.

Understanding numbers is an important part of early learning. Children practiced numbers from 1 to 10 through counting activities, number songs, and interactive games. Parents can encourage children to identify and use numbers in everyday situations, such as counting toys, objects, or pictures.

Learning about shapes and colours helps children understand and connect with the world around them. Through storytelling, art activities, and nature walks, our children enjoyed a colorful learning journey while developing their visual and cognitive skills.

Ask your child about their favorite colour and encourage them to find it in their surroundings!

Thank you for being a valued part of our learning community.

- Ms. Vidya K,
Teacher

TEACHER'S CORNER

July was a month filled with joyful learning, creativity, and meaningful celebrations. Watching our little learners participate enthusiastically in National Doctors' Day, our CEO's Birthday Celebration, National Parents' Day, and Yellow Day was truly heart-warming. Along with these special events, the children made wonderful progress in their classroom learning, developing new skills with confidence and curiosity.

Every smile, every question, and every small achievement reminded us that learning becomes meaningful when children are encouraged to explore, create, and express themselves. I sincerely thank our parents for their constant support and partnership. Together, let us continue to nurture happy, confident, and lifelong learners.

-Ms. Divya David,
Class Teacher - Mont I 'A'

PARENT'S CORNER

Abishua has shown remarkable improvement in his academics. Earlier, he found writing challenging, but he is now able to understand concepts clearly and express his learning through writing with greater confidence. We are very happy with his progress. His consistent effort, along with the constant support and guidance of his teachers, has contributed significantly to his growth. Keep up the excellent work!

- Ms. Anisha,
Parent of Abishua - Mont II 'B'

We are truly grateful to the school for providing such a joyful and enriching learning environment for our children. The engaging classroom activities, meaningful celebrations, and creative learning experiences throughout the month of July have helped my daughter, Anaya, learn with confidence and enthusiasm. It is wonderful to see the care, dedication, and encouragement shown by the teachers in nurturing every child's overall development. Thank you to the entire Ryan family for making learning enjoyable and memorable.

- Ms. Silva,
Parent of Anaya - Mont II 'B'

Upcoming Events

- Independence Celebration
- Blue Day Celebration
- Raksha Bandhan
- Birthday of our Chairman Sir Dr. A. F Pinto
