

From the Headmistress Desk

Education today is about nurturing innovators, leaders, and responsible citizens who can shape the future with knowledge, values, and creativity. At Ryan International Academy, our mission is to equip students with the 21st-century skills of collaboration, creativity, critical thinking, and communication—preparing them not only for academic excellence but also for meaningful contributions to society.

The month of September reflected this vision through a wide range of activities. Nutritional Week encouraged children to make healthy lifestyle choices, reinforcing the importance of well-being as a lifelong skill. On ISRO Day, students celebrated India's remarkable progress in space science, sparking curiosity and inspiring innovation. Literacy Day reminded our learners of the power of words and expression in building confident leaders.

Adding to this, our students also celebrated the birthday of Hon'ble Prime Minister Shri Narendra Modi Ji with much enthusiasm. They expressed their thoughts, gratitude, and wishes by writing heartfelt letters to him, which not only enhanced their writing skills but also instilled in them a sense of pride and responsibility toward the nation.

Each of these activities—whether rooted in health, science, language, or national pride—enabled our students to connect their classroom learning to real-world applications, helping them grow as innovators with vision and heart.

As Rudolf Steiner reminds us, *“Our highest endeavor must be to develop free human beings who are able to impart purpose and direction to their lives.”* At Ryan, we continue to guide our Ryanites toward this vision—developing future-ready leaders who will contribute to India's growth and the world at large.

- Ms. Laxmi Kedareshwaran,
Headmistress, RIA Kanakapura

Editorial Committee:

Ms. Laxmi Kedareshwaran - Headmistress

Ms. Nidhi Bajaj - Pre-primary Teacher

Quote of the month

"The child is the seed, the school is the garden."

- Friedrich Froebel

Value of the Month

Humility - the quality of not being proud because you are aware of your bad qualities.

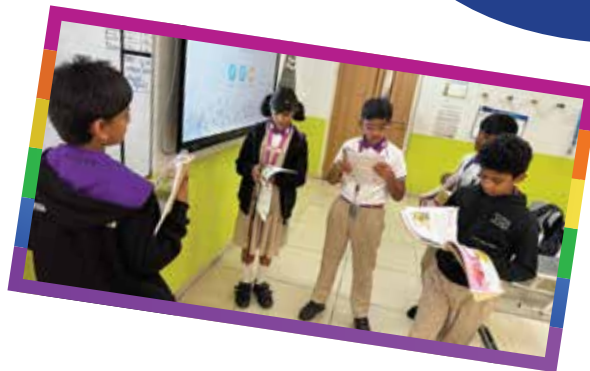

Adaptability - a skill that helps us cope with our ever-changing life. Our habits and routines will be hard to break. But, we must be open to adjusting our lifestyle.

ACADEMIC ACTIVITIES

English Class Activity Grade IV

Role Play – Greek Goddess Theme

The English teacher dressed up as the Greek Goddess of Wisdom and Craft to introduce the Greek mythological story “The Story of Arachne.” With a crown on her head, a spear in hand, and a cloak on her shoulders, she immediately captured the students’ attention. The 4th graders were thrilled and inspired to act, ending the session with a lively role play performance based on the story.

Science Lab Activity Grade VII

Lab Experiment on Indicators

Grade VII students conducted a lab experiment on indicators, testing how different acids and bases change colour with various indicators. The hands-on activity helped them understand pH, chemical reactions, and the practical use of indicators in a clear and engaging way.

Maths Activity - Mont II

Backward Counting (10 to 1)

Mont II children practiced backward counting from 10 to 1 using an egg tray and paper eggs. The fun hands-on activity helped them understand number order in reverse while improving counting and coordination skills.

English Activity - Mont III

“et” Word Family Activity

Mont III children participated in a fun word family activity. Each child picked a word card from the -et family, read it aloud, and made a

ACADEMIC ACTIVITIES

sentence using it, strengthening their reading, pronunciation, and vocabulary skills.

Financial Literacy - Grade VII

Understanding Money Management

Grade VII students learned basic concepts of financial literacy, including saving, spending, and responsible money management. The activity helped them understand the importance of making smart financial decisions in daily life.

Maths Lab Activity Grade IV

Finding Common Multiples

Grade IV students explored the concept of common multiples through hands-on Maths Lab activities. The session helped them understand the concept clearly and apply it confidently through practical learning.

Science Activity - Grade VII

Yardstick Activity - Colourful Chemistry

Grade VII students explored colourful chemical reactions through the yardstick activity. The hands-on experiment helped them observe colour changes and understand basic chemistry concepts in an engaging way.

Market Role Play Mont I to Grade II

Students from Mont I to Grade II participated in a Market Role Play, where they acted as shopkeepers and customers. The activity helped them understand buying and selling, improved communication skills, and made learning fun through pretend play.

ACADEMIC ACTIVITIES

General Awareness Mont II

Day and Night Art Activity

Mont II children created day and night pictures using colours and simple art techniques. The activity helped them understand the difference between day and night while enhancing their creativity and observation skills.

General Awareness Mont II

Rainy Day Activity

Mont II children learned about a rainy day through a fun art activity. They created colourful rainy day pictures, helping them understand the weather while enjoying creative expression.

Global Visa - Mont II

Exploring Tamil Nadu

Mont II children learned about Tamil Nadu as part of the Global Visa activity. They explored its culture, language, and traditions through simple discussions and activities, making learning joyful and engaging.

Maths Activity - Mont II

Number and Dot Matching

Mont II children observed the given numbers and placed the same number of dots. The activity helped them improve number recognition, counting skills, and hand-eye coordination.

ACADEMIC ACTIVITIES

Global Visa - Mont III

Exploring Japan

Mont III children celebrated Japan Day by coming dressed in traditional Japanese costumes. Through simple activities and discussions, they learned about Japan's culture and traditions in a fun and engaging way.

Activities

Diwali Activity - Mont

Garland Making Activity

Montessori children enjoyed a Garland Making Activity as part of Diwali celebrations. Using paper flower petals, leaves, and strings, they threaded beautiful garlands while developing fine motor skills, focus, and creativity. The hands-on task brought smiles and festive joy to the classroom.

Diwali Activity - Grade I & II

Inter Class Rangoli

Students of Grade I & II ushered in the festive spirit of Diwali by participating in an Inter Class Rangoli Competition. Using an assortment of coloured pulses, the young artists arranged beautiful, intricate patterns. This activity fostered creativity and allowed them to explore different textures and colours, all while significantly enhancing their fine motor skills and focus & concentration through the careful placement of the materials. The children truly enjoyed designing their own festive masterpieces.

Activities

Diwali Activity Grades III to V

Diwali Book Mark Making

Students of Grades III to V celebrated Diwali by participating in a creative Diwali Book Mark Making competition. They designed and crafted original, fun, and useful bookmarks inspired by the festival of lights. This activity successfully encouraged students to use their creative skills and produce unique mementos that celebrated the joy and warmth of Diwali.

Diwali Activity Grade VI & VII

Poster Making Competition

Students of Grade VI and VII celebrated Diwali by participating in a Poster Making Competition. They focused on key themes, including Eco-Friendly Diwali and Diwali – Festival of Lights and Happiness. This activity encouraged students to express their ideas and raise awareness through visual art, promoting creativity and responsible citizenship during the festive season.

Global Handwash Day Mont I to Grade II

Demonstration and Role Play

Students from Mont I to Grade II observed Global Handwash Day with great enthusiasm. School Nurse Ms. Mukta demonstrated the correct handwashing steps — wet, lather, scrub, rinse, and dry. Montessori children also went to the washroom to demonstrate the steps practically and took a pledge to keep their hands clean and germ-free.

Activities

Grandparents' Day Mont

Story Time & Thank You Card

Montessori children celebrated Grandparents' Day with a warm Story Time, where they narrated simple stories they had heard from their grandparents. They also made handmade greeting cards with sweet "Thank You" notes, expressing love and gratitude to their grandparents.

Indian Air Force Day Mont

Paper Jet Activity

To mark Indian Air Force Day, Montessori children enjoyed a fun Paper Jet Activity. They folded and flew paper jets, learning about the Air Force and its importance while enhancing their creativity and motor skills through play.

Indian Air Force Day Grade II

Cursive Paragraph Writing - A Symbol of National Strength and Technological Advancement

Students of Grade I & II participated enthusiastically in the Cursive Paragraph Writing Activity on the theme "A Symbol of National Strength and Technological Advancement." They beautifully expressed their admiration for the Indian Air Force, learning about its bravery, discipline, and contribution to the nation's safety while improving their handwriting and writing skills.

Activities

Indian Air Force Day Grades III to V

Paper Jet Making Craft Activity

Students enthusiastically participated in the paper jet making activity to celebrate Indian Air Force Day. The activity helped develop creativity, coordination, and awareness about the strength and role of the Indian Air Force in protecting our nation.

Indian Air Force Day Grade VI

Poetry Recitation – Saluting the Sky Soldiers

Grade VI students participated in a poetry recitation on the theme “Saluting the Sky Soldiers.” Through expressive voice and gestures, they paid tribute to the bravery and sacrifice of Indian Air Force personnel, while enhancing their confidence and speaking skills.

World Students Day Grades III to V

Show and Tell – “I Want to Be...”

Students confidently took part in the Show and Tell activity by speaking about their dream professions. The activity helped build self-confidence, communication skills, and encouraged students to think about their future goals with enthusiasm.

World Students' Day Grade I & II

Show & Tell – I Want to Be...

Students of Grade I & II took part in a Show & Tell activity on the theme “I Want to be...”. Each child spoke about their dream

Activities

profession, helping them build confidence, speaking skills, and imagination.

Wonderful White Day Mont

Montessori children celebrated Wonderful White Day by coming to school dressed in white outfits. They also enjoyed creative activities like paper tearing, fingerprint / fork-print work, and cotton ball craft, making adorable white-themed pictures while strengthening their fine motor skills and creativity.

Children's Day Mont to Grade VII

On Children's Day, Montessori children came dressed as animals, superheroes and storybook characters while Grade I children came dressed as cartoon characters. Ms. Nidhi, Mont III teacher, welcomed the students dressed as Masha from Masha and the Bear. A special assembly was conducted by the teachers, featuring a lively dance by Montessori teachers and a skit by Grades I to VII teachers.

This was followed by fun class activities, cake cutting, and sports events organised by Sports Teacher Surya Sir. Chocolates were distributed to all students by the school, and the children went home with smiles and happy memories.

Constitution Day Grade VI & VII

Know Your Constitution - Quiz

Students of Grade VI & VII observed Constitution Day by participating in a quiz

Activities

that focused on the Indian Constitution. The activity helped students understand the importance, values, and key features of the Constitution, encouraging awareness about their rights and duties as responsible citizens.

National Milk Day Mont

Cow Drawing & Story Time

Children celebrated National Milk Day by drawing a fun picture of a cow. The teacher narrated a simple story explaining how milk comes to us, helping children understand the importance of milk in a joyful way.

National Milk Day Grade I & II

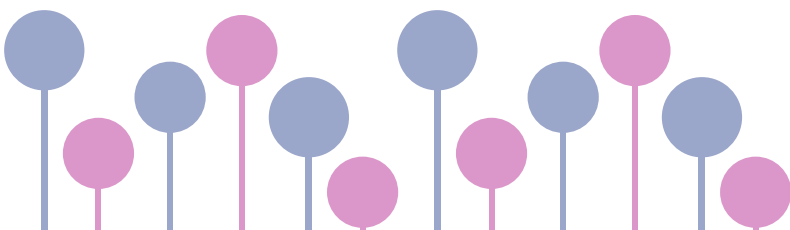

Fun Cow Drawing

Students of Grade I & II celebrated National Milk Day by making a fun drawing of a cow. The teacher also narrated a simple story explaining how milk comes to us, helping children learn in an enjoyable way.

Pretty in Pink Day Mont

Pink Day Celebration

Children celebrated Pink Day by coming dressed in beautiful pink outfits. They participated in fun art and craft activities like hand printing, creative artwork, and bookmark making, making the day colourful and joyful.

Activities

Thanksgiving Day Grade VI & VII

Gratitude Tree

Students celebrated Thanksgiving Day by writing things they are thankful for on paper leaves and placing them on a Gratitude Tree display. The activity encouraged students to reflect on gratitude and appreciate the positive aspects of their lives through a collaborative classroom display.

World Public Transport Day Mont

Transportation Sorting

Children participated in a fun Transportation Sorting Activity where they brought various vehicle cutouts and classified them as Land, Air, or Water Transport. The hands-on activity helped them learn about different modes of transport while enhancing their observation and sorting skills.

World Public Transport Day Grade I & II

Shapes of Vehicles

Students created different vehicles like buses, trains, and boats using paper plates, craft sticks, and bottle caps. The activity helped them recognize geometrical shapes such as circles, squares, and triangles while enjoying a fun, creative learning experience.

World Public Transport Day Grades III to V

Poster Creation – Be a Responsible Passenger

Students designed posters on the theme “Be

Activities

a Responsible Passenger”, highlighting safe and respectful travel habits. The activity encouraged creativity, awareness, and responsible behaviour while using public transport.

World Public Transport Day Grade VI & VII

Infographic Design - Benefits of Public Transport

Students created infographics showcasing the Benefits of Public Transport using chart paper. The activity helped them develop research, design, and presentation skills, while promoting awareness about sustainable and eco-friendly travel options.

Birthday Celebration

Birthday Celebration during Assembly in October

The school joyfully celebrated the birthdays of Lyra - Grade VII, Sahasra - Grade V, Tanmayi and Thamanvi - Grade II, Ratanya - Grade IV, Swasti - Mont II and Sharvari - Mont III during the morning assembly. All students warmly wished them, and each birthday child got a potted plant as a gift, nurturing both happiness and love for nature.

Birthday Celebration during Assembly in November

- Namay - Mont III
- Vrishab, Aradhya - Grade I
- Kriyansh, Hriyansh, Ayaan - Grade II
- Chirag - Grade III
- Vinmayi, Aarav, Aarush - Grade VI
- Lithika, Lipika - Grade VII

Students from different grades were

Activities

celebrated in the assembly for their birthdays. The event created a joyful and warm atmosphere, fostering a sense of community and friendship among all students.

Book Review - Grade IV

On Monday, Arjun Bajaj of Grade IV presented a book review on “The Tin Soldier” during the assembly. He confidently shared the story, main characters, and his favourite part, encouraging his peers to read more storybooks.

Book Review Grades IV to VII

Student Book Reviews

Every Monday, our young readers shared their thoughts and insights through the Book Review activity.

- Parineeta Rao - Grade V
- Arjun - Grade IV
- Shrutvik - Grade VII

The activity encouraged students to express their opinions, enhance reading comprehension, and inspire their peers to explore new books.

Talent Day - Grade IV

As part of Talent Day, Arjun Bajaj of Grade IV showcased his musical talent by playing the keyboard on the song “500 Miles.” His confident performance was enjoyed and appreciated by everyone present.

Talent Day

Every Wednesday during assembly

Activities

Highlights:

- Gibran - Mont III: Spoke about the planet Mars
- Grade V: Performed a Kannada song
- Nihal & Samanyu - Grade III: Sang a Kannada song
- Raghavendra - Mont I: Recited a poem on Lord Rama
- Ravee- Mont I: Narrated a story

Students showcased their talents and creativity during Talent Day every Wednesday. From storytelling and poetry to singing and informative talks, the event encouraged confidence, expression, and appreciation for diverse skills among all students.

Ecoclub Oath Grade VI & VII

Students Who Took the Oath:

Prarthna, Daivik, Shrutvik - Grade VII
David, Varshith, Manvi Singh - Grade VI

Students of Grade VI & VII took the Ecoclub oath during assembly, pledging to care for the environment and promote sustainability. The activity encouraged responsibility, awareness, and commitment towards protecting nature.

Karnataka Rajyotsava

Students from all grades celebrated Karnataka Rajyotsava with enthusiasm, dressing up as famous personalities of Karnataka. The event included dance performances, music, speeches, and concluded with the Karnataka anthem, showcasing the rich culture, heritage, and pride of the state.

Activities

Preamble on Fridays

Mitansh - Grade V, Samarth - Grade I

Mitansh of Grade V and Samarth of Grade I led the Preamble recitation on Friday, demonstrating confidence and patriotism. Their participation encouraged fellow students to appreciate and understand the values of the Constitution.

Dance Class - Mont

Warm-up Session

Montessori children enjoyed their dance class today with fun warm-up exercises. The session helped them improve flexibility, rhythm, and coordination, setting a joyful tone for the day.

Dance Class Mont I to III

Dance Session

Students of Montessori I to III enjoyed a fun-filled dance session. They expressed themselves through movement, explored rhythm, and boosted their confidence while having a great time together.

Art Activity - Mont III

Tiger Mask Making

Mont III children enjoyed a fun Tiger Mask Making activity in art class. They used bright colours and creativity to design their masks, learning about animals while expressing their imagination through art.

Activities

Art Activity - Grade IV

Colouring Activity

Grade IV students participated in a colouring class, using colours creatively to complete their artwork. The activity helped enhance their creativity, colour sense, and fine motor skills.

Art Activity - Grade VII

Paper Fan & Flower Fan Making

Grade VII students created paper fans and large flower-shaped fans using craft paper. The activity encouraged creativity, design skills, and teamwork while exploring decorative art techniques.

Art Activity - Grade IV

Paste Wool on the Tentacles of the Octopus

Students of Grade IV participated in a creative art activity, pasting wool on the tentacles of an octopus. The activity encouraged imagination, fine motor skills, and concentration, resulting in a vibrant and fun craft.

Art Activity - Mont III

Craft - Make a Sheep

Children of Montessori III created adorable sheep using black cutouts and cotton balls. This hands-on activity helped develop their creativity, fine motor skills, and sensory exploration while having fun with textures and shapes.

Activities

Art Activity - Grade VI

Leaf Printing - Create a Tree

Students of Grade VI explored nature and creativity by collecting leaves and using them to create tree art through leaf printing. The activity enhanced their observation skills, artistic expression, and appreciation for nature.

FSM Keyboard Class Grade II

Grade II students attended their FSM keyboard class, where they practised basic notes and simple melodies. The session helped them develop rhythm, hand coordination, and confidence in playing the instrument.

Music Class - Mont III

Singing Songs

Mont III children enjoyed their music class by singing cheerful songs. The activity helped develop rhythm, listening skills, and confidence in a joyful learning environment.

PE Class - Mont I

Aim, Toss, and Play

Mont I children enjoyed their PE class with a fun activity — Aim, Toss, and Play. The game helped improve their hand-eye coordination, focus, and motor skills, while keeping them active and happy.

PE Class - Mont II

Ring Runway Chase

Mont II children participated in a fun Ring Runway Chase game during their PE class.

Activities

The activity encouraged teamwork, balance, and coordination, while keeping the children active and engaged.

Sports Activity - Mont III

Toss and Catch

Mont III children began their session with warm-up exercises followed by a fun Toss and Catch game. Standing inside rings, they practiced catching and coordination skills, enjoying an active and engaging sports time.

Basketball Class Grades III to VI

Basketball Training Session

Students from Grades III to VI participated in a basketball class, practising basic skills like dribbling, passing, and shooting. The session helped improve coordination, teamwork, and physical fitness.

Sports Class

Physical Training Session

Students actively participated in the sports class, engaging in various physical activities and games. The session helped improve physical fitness, coordination, teamwork, and overall well-being.

Football Tournament Grades V to VII

Inter-Class Football Competition

Students of Grades V to VII showcased their team spirit and skills in the football tournament. The matches were filled with energy, sportsmanship, and excitement, making it a memorable sporting event for everyone.

Activities

Cricket Tournament Grade VI & VII

Inter-Class Cricket Competition

Students of Grade VI & VII showcased their teamwork and cricketing skills in the cricket tournament. The matches were filled with enthusiasm, sportsmanship, and excitement, making it a memorable sporting event for everyone.

Swimming Class Grade VI & VII

Swimming Training Session

Students of Grade VI & VII participated in a swimming class, practising basic strokes and water safety skills. The session helped improve endurance, coordination, and confidence in water.

Karate Class

Basic Karate Practice

Students of all Grades participated in their karate class, where they practiced basic moves, stances, and discipline techniques. The session helped build strength, focus, and confidence among the students.

Karate Class - Grades I to VII

Martial Arts Training Session

Students from Grades I to VII actively participated in the Karate class, practising basic techniques and drills. The session helped improve discipline, focus, strength, and self-confidence.

Activities

Karate Belt Exam Grades I to VII

Belt Promotion Test

Students from Grades I to VII appeared for the Karate Belt Exam and successfully upgraded their belts. The exam helped students demonstrate discipline, focus, and progress in martial arts training.

Passion Building – Revival of Lost Art - Grade I

Warli Art

Grade I students explored Warli art by colouring and creating simple patterns. The activity helped them appreciate traditional art while enhancing creativity and fine motor skills.

Eco Gardening - Grade II

Winter Nature Walk

Students went on a winter nature walk and observed the seasonal changes around them. They later sat under a tree and drew what they saw, connecting closely with nature and expressing their creativity.

Eco Gardening - Grade III

Energy Awareness Poster

Students participated in eco gardening and created posters on energy awareness. The activity helped them learn about saving energy, caring for plants, and protecting the environment in a fun and creative way.

Activities

Passion Building - Eco Gardening - Grade VI & VII

Energy Audit Project

Students of Grade VI & VII worked on an Energy Audit Project as part of their Passion Building Eco Gardening class. The activity helped them understand energy usage, conservation practices, and the importance of sustainable living through hands-on learning.

Home Science - Grade II & III

Mandala Art

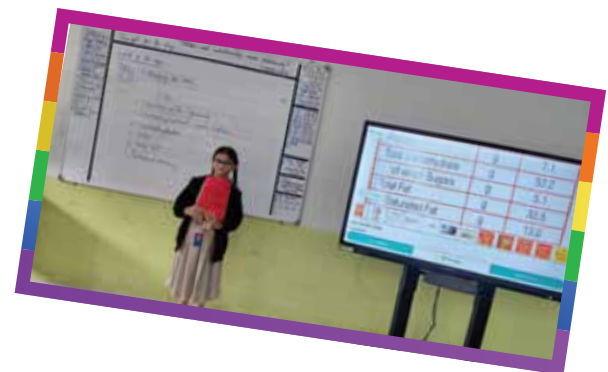

Students of Grade II & III created Mandala art during their Home Science class. The activity helped enhance creativity, focus, and appreciation for patterns and design.

Passion Building - Home Science - Grade II & III

Reading Food Labels

Students of Grade II & III brought Lays packets and learned to read food labels. The activity helped them understand ingredients, nutritional information, and make better food choices in a simple and engaging way.

Passion Building- Revival of Lost Art - Grade I

Finger Painting - Warli Art

Grade I students explored Warli Art through finger painting.

They enjoyed creating traditional patterns while expressing their creativity and connecting with our rich heritage. The classroom was filled with fun, colors, and tiny masterpieces!

Activities

Star of the Month Mont I & II

Recognition of Star of the Month – Naomika, Manish

This month, Naomika of Mont I, Manish of Mont II was celebrated as the Star of the Month. Their parents visited the class and shared a few lines about how proud and happy they felt, making it a joyful and memorable moment for everyone.

Vocational Initiative – Start Coding - Grade VI & VII

Introduction to Coding

Students of Grade VI & VII began their coding journey as part of the Vocational Initiative. They explored basic programming concepts and engaged in hands-on activities, sparking their interest in technology and problem-solving.

Parent Teacher Meeting Grade VI & VII

Art & Innovation Showcase, Book Fair, and Fun Fair

During the PTM, students of Grades I to VII showcased their artwork and had a small sale of their creations. A few Innovation Lab activities were also displayed, highlighting creativity and problem-solving skills. In addition, the Book Fair and Fun Fair added excitement, making it a memorable and engaging experience for parents and children alike.

Activities

Community Helper Visit - Grades I to V

Karnataka Public School (Government School)

As part of the Community Helper initiative, students of Grades I to V visited Karnataka Public School, a government school, to share joy and learning with other children. Our students lovingly brought stationery items and storybooks, hoping to support their peers in studies and reading.

The visit helped children understand the value of sharing, empathy, and social responsibility, and reminded them that even small acts of kindness can make a big difference in someone's life.

Community Service Grade VI & VII

Visit to Holy Faith School

School Visit and Distribution Drive - Students visited the school, distributed books and stationery, and the children sang songs, making the event joyful and interactive. "Good Touch, Bad Touch" Workshop - The school nurse conducted a session for students to help them understand personal safety and boundaries.

Showcase Day Grade VI & VII

Entrepreneurship - Business Idea Presentation

Students of Grade VI & VII showcased their creative business ideas, demonstrating innovation, planning, and entrepreneurial skills. Each participant presented their concept with confidence, explaining how their product or

Activities

service would work, making the event an exciting display of young innovators in action.

Grandparents' Day Mont I to Grade II

Grandparents' Day was joyfully celebrated on **18th October 2025** for students of **Mont I to Grade II**, honouring the special bond between grandparents and grandchildren. The event began with a creative attendance activity and a fun Selfie Booth, capturing beautiful memories.

A special assembly featured a trilingual speech by students in English, Hindi, and Kannada, followed by a delightful dance performance by Montessori children, which received warm applause. Engaging activities such as planting seeds, handprint craft, MasterChef fun, and sports games allowed grandparents and grandchildren to bond and create lasting memories.

The celebration concluded with refreshments, smiles, and heartfelt moments, making the day truly memorable for all.

Health & Hygiene Training Mont

Health and Hygiene Session

A Health and Hygiene training session was conducted for Montessori children by Ms. Mukta, the school nurse. She spoke to the little ones about keeping hands, teeth and body clean, and showed them simple daily habits to stay healthy. The interactive session helped children understand the importance of cleanliness and self-care in a fun and age-appropriate way.

Activities

Ryan Media Class Grade VII

Media & Communication Skills

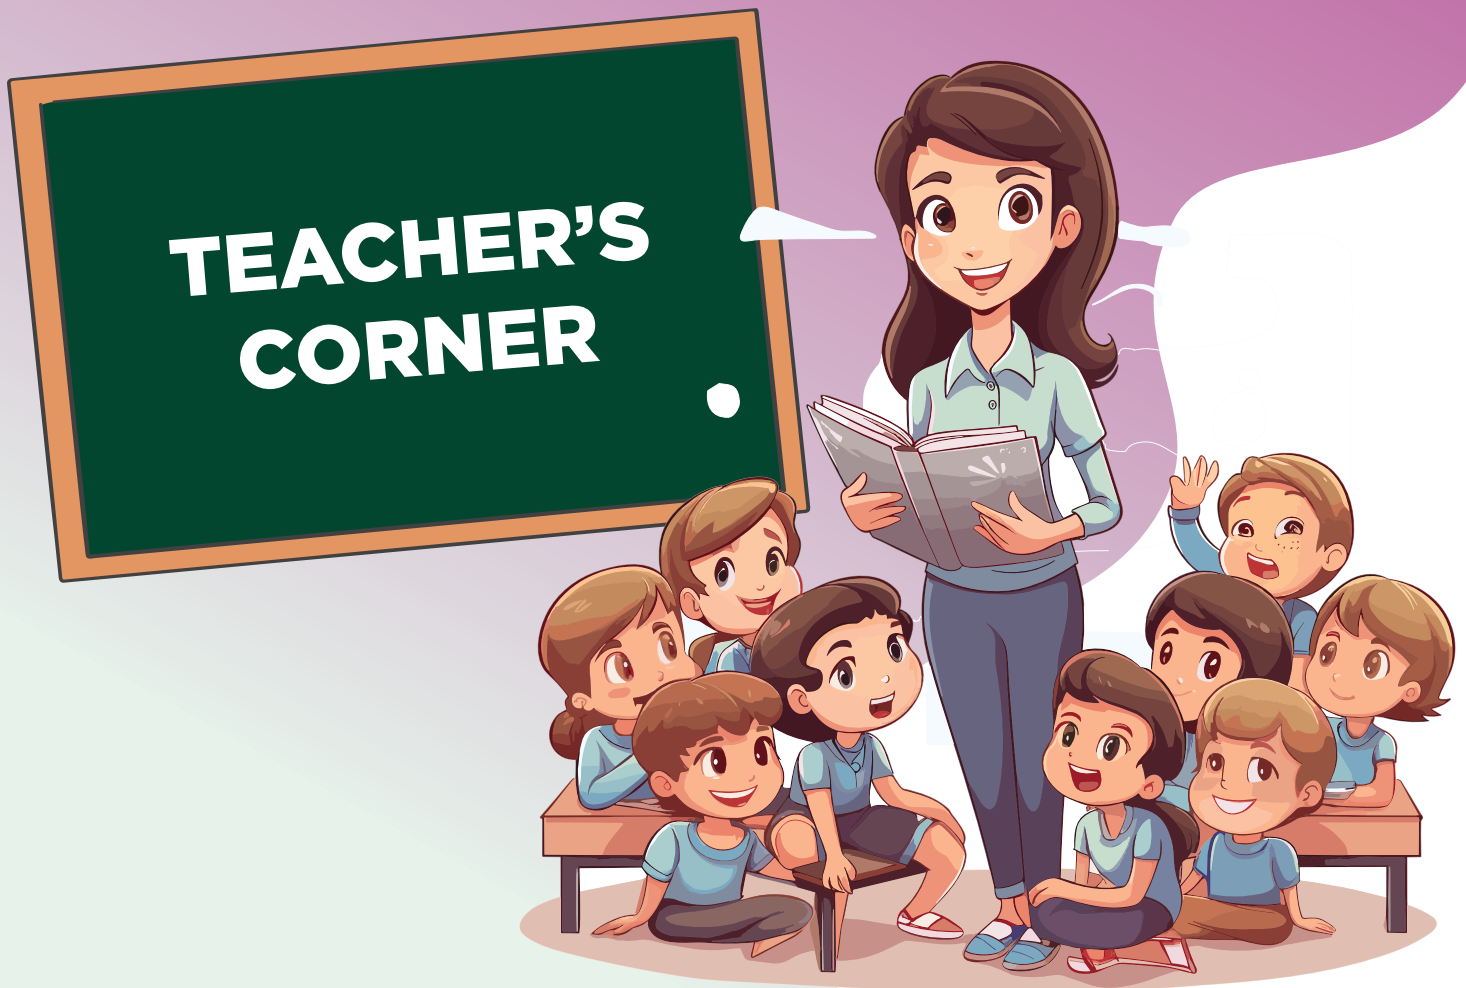

Grade VII students participated in the Ryan Media class, where they learned basic media and communication skills. The session helped build confidence, expression, and effective communication.

Showcase Day Grade VI & VII

Entrepreneurship – Business Idea Presentation

Students of Grade VI & VII presented their creative business ideas as part of the Entrepreneurship module, demonstrating thoughtful planning, innovation, and problem-solving skills. Each participant confidently articulated their product or service concept, its purpose, and its potential impact. The session offered a glimpse of young innovators in action and reflected the school's commitment to nurturing real-world thinking, communication, and entrepreneurial mindset in learners.

“The activities conducted during October and November offered students meaningful learning experiences beyond the classroom. Initiatives such as the Ryan Farm Market and the planning and implementation of the Fancy Dress Parade provided rich opportunities to create an engaging and experiential learning environment. These activities encouraged creativity, confidence, and active participation among students.

As a pre-primary teacher, it was a rewarding learning experience to guide students through Nutrition Week, where children dressed up to spread awareness about healthy food habits, as well as theme-based days like Pink Day, which helped develop social awareness and self-expression. It was heartening to witness the enthusiasm, curiosity, and joyful learning displayed by the students. These experiences significantly contributed to their holistic development and enriched our teaching practices as well.”

**- Ms. Prathima,
Class Teacher - Mont II**

PARENT'S CORNER

“As a parent of a Montessori child, I am extremely happy with the learning experiences provided during the months of October and November. The activities were thoughtfully planned and age-appropriate, helping children develop confidence, creativity, and a love for learning. My child thoroughly enjoyed the art activities, role plays, music, and hands-on learning, which made coming to school a joyful experience.

The interaction-based programme that involved grandparents was especially meaningful. It beautifully strengthened the bond between generations and allowed children to learn values, traditions, and respect through shared experiences. I truly appreciate the dedication and care of the teachers in nurturing young minds with warmth, patience, and creativity.”

- Ms. Priyanka,

Mother of Ivanka - Mont III

STUDENT'S CORNER

“The activities conducted during October and November were engaging and enriching. Celebrations such as Kannada Rajyotsava, Children’s Day, Diwali, and Grandparents’ Day helped us understand our culture and values beyond textbooks. I especially enjoyed the Innovation Lab projects, art activities, and sports sessions, which made learning more hands-on and enjoyable. The culmination of the Entrepreneurship programme was a great experience—presenting our ideas and receiving mentorship was truly inspiring and insightful. These experiences have helped build my confidence, teamwork skills, and overall learning at school.”

**-Mst Daivik,
Grade VII**

Upcoming Events

- Christmas Activities
- World Soil Day
- Computer Literacy Day
- National Energy Conservation Day
- International Mountain Day
- National Mathematics Day
- Purple Day
- Constitution Day
- Sports Day (Mont I to Grade II)
