

## From the Principal's Desk

### Sustainability and Environmental Responsibility

As we move through the academic year, September brings with it a renewed sense of awareness and responsibility—toward ourselves, our community, and most importantly, our planet. At Ryan International Academy, we believe that education is not only about academic excellence but also about nurturing conscious, compassionate global citizens who understand the value of sustainability and environmental stewardship.

In today's world, environmental responsibility has become more than just a topic of discussion—it is a moral obligation. From the air we breathe to the water we drink and the resources we use, every choice we make has an impact on the Earth. As educators, our role is to empower students to see that their small actions, when multiplied, can lead to meaningful change.

Our school has been actively promoting eco-friendly practices through various initiatives—waste segregation, tree plantation drives, reduction of plastic use, and awareness campaigns led by our Eco Club. These experiences help students understand that sustainability begins with simple steps: switching off unused lights, carrying reusable bottles, planting saplings, and respecting the natural environment around us.

However, sustainability is not just about conserving resources—it is a way of thinking. It's about adopting a mind-set that values balance, moderation, and care. It's about asking ourselves, "What can I do today to make tomorrow better?" When our students develop this consciousness, they grow into responsible individuals who will lead society toward a more sustainable future.

Parents, I invite you to join us in reinforcing these values at home. Encourage your children to be mindful consumers, to recycle, to conserve energy, and to appreciate the beauty of nature. Family habits—such as reducing single-use plastics, reusing household materials, or even growing a small garden—can leave lasting impressions on young minds.

Our commitment as a school is to ensure that sustainability becomes an integral part of learning across all subjects and activities. Whether it's through science projects on renewable energy, art inspired by nature, or discussions about climate change, we aim to make every learner aware of their role as an environmental guardian.

As we look ahead, let us remember that real change begins with awareness and action. Together, as a united school community, we can continue to take small, steady steps toward a greener, cleaner, and more sustainable world. The future depends on the seeds we plant today—both in the soil and in the hearts of our children.

Let us nurture those seeds with knowledge, empathy, and purpose.

## EVENTS

### Nutrition Week Celebration - Mont I to III

#### Fruits and Vegetable Costume Parade

Ryan International School celebrated Nutrition Week in a grand way in the kindergarten section. The students dressed up as different fruits, vegetables and confidently spoke a few lines about the fruit they represent.

As part of the Nutrition Week celebration, kindergarten students came dressed as their favourite fruits and vegetables such as apples, bananas, and carrots. They looked vibrant and adorable in their colourful costumes. Each child spoke a few lines about the fruit they represented, sharing its name, colour, and health benefits. The activity helped children learn the importance of eating fruits, vegetables and staying healthy in a fun and interactive way.

The Nutrition Week celebration concluded with cheerful smiles and a group photograph capturing the enthusiasm of our little fruit and vegetable heroes. The event not only added colour and joy to the day but also helped children understand the importance of healthy eating habits. The photographs beautifully reflected the excitement, creativity, and learning experienced by the young learners.

### Teachers' Day Celebration Mont I to III

#### Card Making Activity

Ryan International Academy, Sarjapur celebrated Teachers' Day is to show love, respect, and gratitude to teachers for their hard work and dedication in shaping students'

## EVENTS

lives. It is a day to recognize the important role teachers play in guiding, inspiring, and nurturing young minds.

Teachers' Day was celebrated with great enthusiasm in the kindergarten section. The little ones expressed their love and gratitude towards their teachers through songs, dances, and handmade cards. Using colourful papers, stickers, drawings, and heartfelt messages, the little ones poured their love and imagination into each card.

This activity encouraged artistic expression, fine motor skills, and emotional connection, making the celebration even more special and meaningful. The classrooms were filled with joy, laughter, and appreciation as children thanked their teachers for their guidance and care.

The celebration concluded with a group photograph capturing the happy faces of both teachers and students, making it a truly memorable day.

## Orange Day Celebration Mont I to III

### **Bud Painting and Frock Painting.**

Orange Day was celebrated with great excitement in the kindergarten section. The classrooms looked bright and cheerful as children came dressed in different shades of orange. The day began with fun activities such as paper tearing, bud painting, fork painting. Children learned to identify orange fruits, vegetables, and objects like carrots, oranges, and pumpkins. The celebration helped them recognize the colour and understand its presence in the world around them.

## EVENTS

Children enjoyed the ear bud dabbing activity, creating beautiful orange using vibrant orange colours. This activity helped them develop fine motor skills, hand-eye coordination, and creativity. As they dipped the ear buds in paint and dabbed gently on paper, they learned control, focus, and the joy of expressing through art.

Children enthusiastically participated in the paper tearing activity, tearing orange colour papers into small pieces to create beautiful orange. This fun activity strengthened their finger muscles, concentration, and hand-eye coordination. It also encouraged creativity and improved their fine motor skills, preparing them for writing and other pre-academic tasks.

Children enjoyed the fork painting activity, where they used forks instead of brushes to create a unique lion face. This creative exercise enhanced their fine motor skills, imagination, and color recognition. The activity encouraged exploration and self-expression, making art a joyful and sensory experience for the young learners.

These activities enhance fine motor skills and hand-eye coordination and introduce children to creative ways of using everyday materials for art.

The event ended with smiles, songs, and a group photograph capturing the joyful moments.

## EVENTS

### Star of the Week

The **Star of the Week** is a wonderful initiative at Ryan International Academy, celebrating the unique qualities and achievements of our students from Montessori I to Grade IV. Each week, one child from every class is chosen as the "Star," a special recognition that fosters confidence and a sense of community.

The chosen student's parents are invited to the classroom to have an engaging interaction with the students, where they share heartwarming stories and talk about their child's personality, hobbies, and strengths. This interaction not only makes the star student feel special but also helps build a strong connection between the parents, teachers, and the rest of the class. To make the experience even more memorable, each Star of the Week receives a personalized poster to fill out. The child proudly pastes their picture and shares their favourite things, from their cherished colour and food to their preferred sport and dream travel destination. This colourful and creative poster is then displayed outside the classroom for the entire week, allowing the whole school to celebrate and get to know our shining star a little better. It's a truly heartwarming concept that highlights the individuality of each child.

## SPORTS ACTIVITY

### Jump in Hurdle Activity

The kindergarten children participated enthusiastically in the Jump in Hurdle activity conducted as part of the sports event. The activity helped children develop

## SPORTS ACTIVITY

their balance, coordination, and gross motor skills while having lots of fun.

Children took turns to jump over small hurdles placed in a line, cheering for their friends as they completed the task. The excitement and laughter filled the playground as little ones confidently crossed each hurdle.

This fun-filled activity not only encouraged physical fitness but also helped children build self-confidence and team spirit. It was a joyful experience watching them enjoy every jump with enthusiasm and energy.

## INNOVATION LAB

### Making a Torch Mont III 'A' & 'B'

Children explored the concept of a simple circuit by making their own torch. Using a battery, wires, a switch, and a small bulb, they discovered how electricity flows through a closed path to light the bulb. This hands-on activity helped them understand how real torches work, encouraging curiosity, creativity, and scientific thinking.

closed path to light the bulb. This hands-on activity helped them understand how real torches work, encouraging curiosity, creativity, and scientific thinking.

## ART ACTIVITY

### Colouring Activity Mont III

Children enjoyed a fun colouring activity where they filled cherries and pears with bright colours. This activity helped them identify different fruits and their colours, improving their fine motor skills, hand-eye coordination, and creativity. It also encouraged neatness and joy in learning through art.

### Montessori Assembly

Montessori students conduct the assembly regularly in a grand and disciplined manner. The program begins with the Lord's Prayer, followed by scripture reading and a special prayer. The assembly includes mass PT, rhymes, birthday wishes, the National Pledge, and the Ryan Pledge, fostering confidence, unity, and spiritual growth among the children.

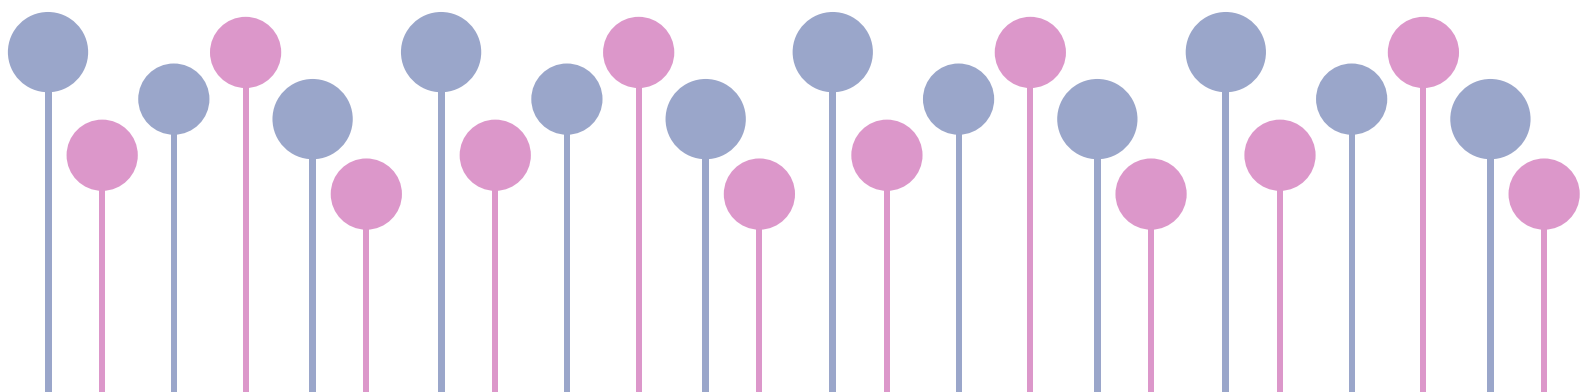

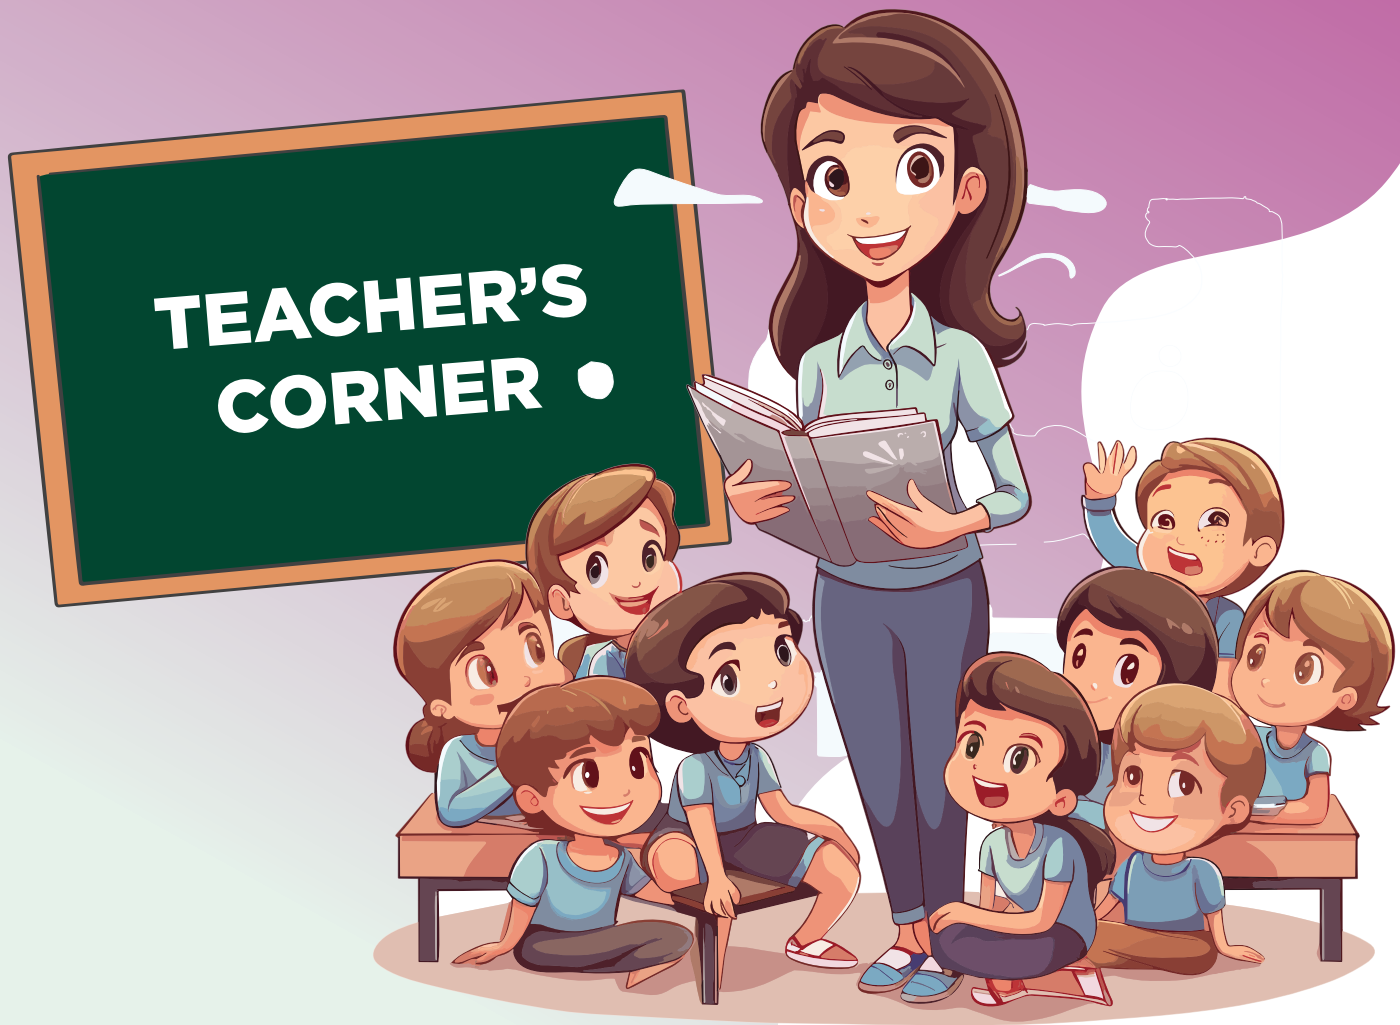

## PARENT'S CORNER

As parents, we feel proud to be a part of the Ryan International Academy family. The school provides a positive and enriching environment where children learn, explore, and grow with joy. The dedicated teachers not only focus on academics but also on the overall development of each child — nurturing confidence, creativity, and good values.

We truly appreciate the school's efforts in creating engaging learning experiences through innovative teaching methods, celebrations, and hands-on activities. The constant encouragement and personal attention given to every child help them discover their strengths and develop a love for learning. We are grateful to the entire Ryan team for their commitment, care, and passion in shaping young minds for a bright future.

**- Ms. Seema Rathee,  
Jiyaan Rathee - Mont III 'B'**

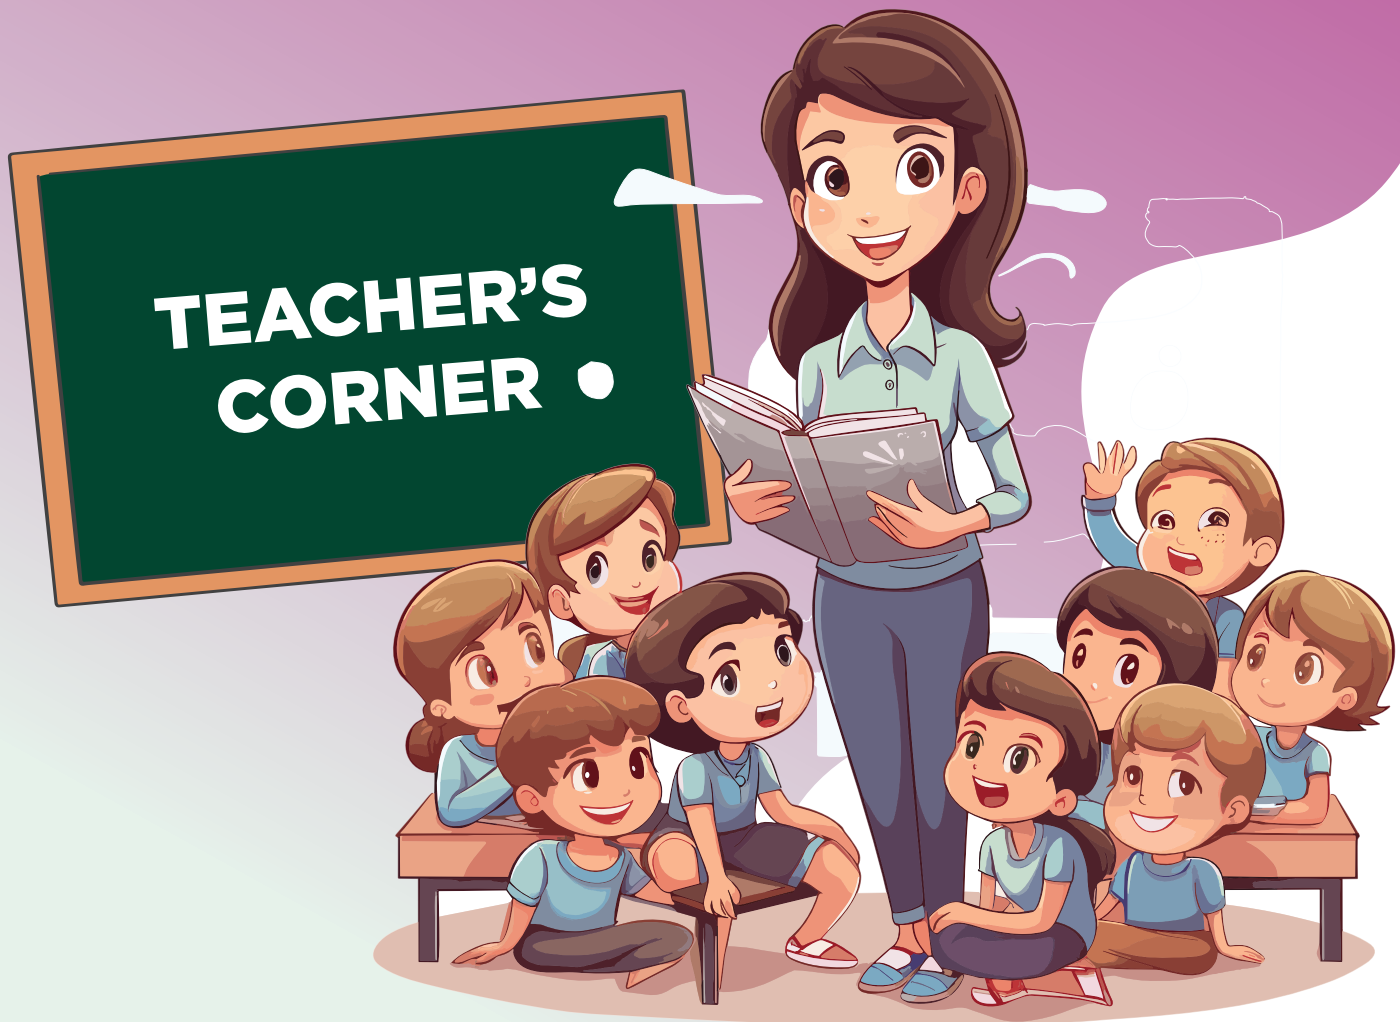

As the heart of our school community, our teachers are the driving force behind the success and growth of each student. In this month's Teacher's Corner, we want to shine a spotlight on the incredible dedication, passion, and commitment our educators bring to the classroom every day.

Teaching is more than just a job; it's a vocation. Our teachers play many roles—guides, mentors, problem-solvers, and sometimes even counselors—always with the goal of nurturing young minds. They create environments where students feel safe to ask questions, make mistakes, and explore new ideas. It's in these classrooms that curiosity is sparked, confidence is built, and futures are shaped.

The challenges of teaching today are greater than ever, but our teachers rise to meet them with resilience and creativity. Whether incorporating the latest technology, adapting to different learning styles, or working late into the evening to ensure every student succeeds, they continuously go above and beyond. In doing so, they not only teach lessons but also impart life skills such as perseverance, collaboration, and critical thinking.

As we celebrate our teachers, let's also remember the importance of supporting them.

Whether through appreciation, understanding, or advocating for better resources, we all play a role in helping them succeed so they can continue to inspire and educate our children. Thank you to all of our teachers for your unwavering dedication and the incredible difference you make in the lives of our students. Your impact is immeasurable, and we are grateful for each of you.
