

## Principal's Note

Dear Parents,

Greetings from Ryan International Academy, Bavdhan!!!

*"A good objective of leadership is to help those who are doing poorly to do well and to help those who are doing well to do even better." - Jim Rohn*

At Ryan International Academy, Bavdhan, we not only pursue academic excellence but also motivate and empower our students to become critical thinkers and compassionate leaders of an ever changing global society. At school we provide our students with an atmosphere for an overall development where the students are encouraged to channelise their energy and potential in pursuit of excellence.

The pandemic saw various disruptions but the robust learning programmes and innovative tools used by our educators did not deter the teaching learning process.

As we begin with our first step of physical schooling our team of educators and staff are well prepared to engage our learners and identify their potentials to help them become potential leaders.

We look at ourselves as a community of learners, where everyone learns including our teachers, parents and staff. With numerous activities and events conducted in the month of July, I am glad for the support of the editorial team of teachers and students to put forth their efforts in showcasing the journey of the school in all areas.

I wish the best of fortune, peace and prosperity to those who contribute to the noble task of sharing across their views and thoughts in bringing forth the values and culture of our school to one and all.

**- Ms. Mrudula Gaikwad**  
**Principal, RIA Bavdhan**

"The world-class quality of education and fostering the love of learning" is the trademark of Ryan International Academy, Bavdhan, Pune.

The school is committed to provide excellence in education for the holistic development of every individual. It fosters and maintains the academic reputation by balancing the co-curricular education along with sports, life skills, individual attention to students, and leadership management quality.

The beginning of the academic year 2022 brought its own challenges as students began attending offline classes after two years of and adverse pandemic. Nevertheless, the team of efficient teachers continued their work with enthusiasm.

Development of self along with academic achievement forms the nuclei of all learning processes here. This newsletter therefore highlights the various activities conducted in July to help our students to settle down and engage in a truly engaging and active teaching-learning process.

# Activities

## ACADEMICS

"Education is for improving the lives of others and for leaving your community and world better than you found it."

## Quality Circle Time

Growth in academics is a result of the multiple opportunities provided in school for upgradation of skills and knowledge. To enhance language skills the Quality Circle Time is introduced where every individual engages with skills of creative expression.

To help students improve their language proficiency and provide scaffolding for them to share their ideas freely, Ryan International Academy, Bavdhan, Pune conducts 'Quality Circle Time'. Tuesday and Thursday of every week becomes the most awaited day for our young orators where each child from Mont 1 to Mont 3 participate enthusiastically by presenting their thoughts and opinion on given stem sentences such as My favorite place to visit...; The things I like to do with mom; My favorite activity I like to do on a rainy day.....; My favorite toy is....., My favorite colours are .... and so on.

## Star of the Week

"Different is good, and being different is what makes us stand out in the world."

To celebrate the uniqueness of the child, Ryan International Academy, Bavdhan had celebrated its STAR OF THE WEEK at the end of each week. The overwhelmed parents were invited by the school for sharing the insight of their child to make them feel more special and responsible towards their approaches.

**Star of the week/month for the month of April are:**

## Innovation Academy

The mission of the innovation academy is to cultivate innovators who are ready to leverage disruptive change in every individual. Here, every individual makes the change happen through imagination and creation. The educator helps the students to become independent entrepreneurs that reinvent the way things are done. The activities like Magnetic shapes, jumping frog, throw fired glider, Straw rocket, Push and pull car, Sail boat, toy telephone, etc were the most interesting sessions which students were involved with.

## Teacher training and workshops

In the competitive world of education staying updated forms a vital parameter to enhance the teaching and learning process. Our enthusiastic educators constantly strive to learn and hone their skills by attending workshops and training programmes. For harnessing creativity and innovation in the educators, a session was conducted by Ms. Rupashree Savle, from the Helen O'Grady International Speech and Drama Academy, Pashan, Pune.

# Activities

A lot of emphasis was given on the basic skills of learning viz. Dumb Charades on idioms/phrases, how to be an effective educator, how to relax the vocal cords for better phonic pronunciation and to have an enjoyable classroom were the assets of the session.

## Active Learning Workshop

An active learning workshop was conducted effectively by Ms. Ditipriya Chattopadhyay, Regional Lead Academics for two days i.e., 22nd April 2022 and 23rd April 2022. Facilitators attended the session and were trained in Active Learning strategies and their implementation in the classrooms.

Workshops for teachers helps to plan their time better and stay organized. This makes teachers more productive and give them more time to focus on each student. Great teachers help create great students.

# COMPETITIONS

**“The power of determination will make you unstoppable.”**
